## LIGHTING COLLECTION

Named after the Arum plant, this family of table, floor and wall lamps is characterised by an organically shaped lampshade that gently pends from a softly curved metal structure in a leaf-like manner. The off-centre composition of the lamps achieves the perfect balance through a solid black marble base that acts as counterweight. With a matte, off-white inside of the shade, the lamps provide a soft, evenly distributed light, while the direction of the lampshade can be adjusted to ensure optimal light conditions in all situations.

## *Life is full of contrasts*

As we navigate expectations and dreams in the search for meaning and comfort, we long for a balanced life with room for chaos and calm, moments of reflection and times of joy. A place where we can be ourselves, realise the true value of things and feel at home.

Based on a passion for authentic design and clear functionality, we challenge ourselves to shape the future and take pride in creating products that help you balance the contrasts of life.

Our soft forms, rich textures and deep colours allow you to create an authentic and composed atmosphere, while avant-garde shapes, striking patterns and curious details add a touch of the unexpected.

From our base in Copenhagen, we work with artisans around the world, fusing our Scandinavian mindset with global skills and traditions. We take our responsibility to people and the planet seriously and expect the same of our partners.

We create collections of furniture, accessories and lighting, so you can create space to feel comfortably you.

Welcome home.
